

No Garbage Pick-up Monday!

We're moving from Monday to Thursday!

The Delaware Nation is moving ahead with its new Waste Management Strategy by using the services of BFI, a garbage disposal company, to begin picking up and disposing of our community garbage starting next **Thursday, June 5, 2014**. This will end our usual 'Monday garbage pick-up' days.

The Nation is in the process of arranging delivery of large blue garbage totes to each household. We are also ordering blue and black boxes for our new recycling program. More information about this will be shared with the community in coming days.

Dates to remember:

* **June 5, 2014** First BFI pick-up of community garbage

* **June 5, 2014** potential First BFI pick-up of recycling

* **June 16, 2014 CLOSURE OF OUR COMMUNITY LANDFILL**

The Delaware Nation's new Waste Management Program will ensure the disposal of our household garbage meets current environmental standards.
