

Garbage Totes Arrive this weekend!

BFI set to deliver totes on Saturday

With the dump closure just weeks away, the Delaware Nation is right on schedule with its new Waste Management Strategy. Our Spring Clean-Up weekend was a big success, with two huge bins of garbage being diverted from our landfill.

Our next step is to distribute new garbage totes to each household. BFI will be delivering these large totes to each household tomorrow, Saturday, May 31, 2014.

Reminder!! No Garbage Pick-up Monday!

Our new garbage pick-up days will now be Thursdays, starting next week, **June 5, 2014**. Please have your garbage tote to the roadside by 7am each Thursday to

assure pick-up. Our garbage is now being hauled to a regional waste disposal site. If you miss garbage pick-up, simply hold onto your trash until the following week.

Recycling boxes are coming!

We are aiming to have new blue and black boxes next week, to coincide our recycling program with our new garbage pick-up. However, should our boxes not be delivered in time, simply use clear bags: one bag for all your household glass, aluminum cans and plastic containers (#1 thru 7); and one bag for all your paper fibres. Watch for our next flyer with more details on the distribution of our new recycling boxes.

Mark the date: June 16th - Our community dump officially closes!!
