**February 11th @ 9:30 - Transfiguration Sunday
with the Sacrament of Holy Communion**

... Jesus and his followers climb a mountain..

The season of Lent begins February 15th, it is a time for us to spiritually prepare for Easter. As we meditate on the story of Easter unfolding, we travel with Jesus the path he and his disciples take towards Jerusalem, remembering those He taught on his journey, those He challenged with questions, those who celebrated His coming into Jerusalem, and those who wondered and pondered these events in their hearts.

As Christians, we know the promise of Easter. Our Christian faith is based on letting go, accepting new beginnings that God gives to us. As God's children, we are invited in every season to consider our own personal new beginnings and reaffirmations of faith as we take time for prayer, meditation and reflection.

February 18th @ 9:30 -- 1st Sunday of Lent

Please join us – Everyone is always welcomed.

Smiles 4 Canada

Smiles 4 Canada is a program run by the Canadian Foundation for the Advancement of Orthodontics in conjunction with the Canadian Association of Orthodontics. The program facilitates the orthodontic treatment of deserving young Canadians who would otherwise not be able to afford treatment. Applicants to the program **must be under 14 years old**. Patients who are accepted for treatment through the program will be treated by a local participating orthodontist. Patients' families are **only required to pay a small administrative fee, generally less than 10% of a complete course of treatment. Have application completed and postmarked *before April 1, 2018* if not postmark before this date will not be reviewed or opened.** More information and application can be found at www.Smiles4Canada.com. *****Applications also available at the health centre*****

Smiles4Canada is a public health goodwill program of the Canadian Foundation for the Advancement of Orthodontics (CFAO) in conjunction with the Canadian Association of Orthodontists (CAO).

The CFAO was formed in 1978 as the charitable arm of the association.

The Foundation was established to:

- Promote the advancement of the science and art of orthodontics and dental-facial orthopedics
- Encourage and assist scientific and clinical research in educational institutions
- Support the dissemination of scientific and clinical knowledge and improved technical skills
- Further the public awareness of the benefits of orthodontic health care rendered by certified specialists in orthodontics
- Encourage others to contribute to the advancement of orthodontics

Smiles4Canada is a national, not-for-profit program administered by a central team of staff and regional volunteer directors and committees. The participation of orthodontists in the program is completely voluntary and they are not reimbursed for providing treatment. It is one way they give back to the community.

For more information on:

- Smiles4Canada, visit www.Smiles4Canada.com.
- The Canadian Foundation for the Advancement of Orthodontics, visit www.cao-aco.org/CFAO
- The Canadian Association of Orthodontists, visit www.cao-aco.org.

SMILES  CANADA

SMILES  CANADA

Putting smiles on deserving young people across Canada

It's definitely worth smiling about!

The Canadian Foundation for the Advancement of Orthodontics (CFAO) is putting smiles on children in need of orthodontic work.

The goal of Smiles4Canada is simple and heartfelt – to put a smile, both figuratively and literally, on a young person with a significant orthodontic need and whose family does not have the financial resources to pay for the procedure.

The CFAO recognizes that orthodontic treatment can be a life-changing experience for many people. It is also aware that many patients who could benefit from the services of an orthodontist are not able to afford the treatment.

As part of the Smiles4Canada application process, candidates are asked to provide a one-page personal statement on why they're unhappy with their teeth and smile and what they're hoping to achieve by receiving orthodontic treatment. This will help regional committees determine if applicants should be accepted into the program. The orthodontist will make the final decision about which patients they will treat and what treatment plan will be followed.

Participation by orthodontists in the Smiles4Canada program is voluntary. However, the CFAO hopes that each orthodontist in Canada will agree to provide their diagnostic and treatment services at no charge to at least one patient per year.

Thanks to the generosity and expertise of members of the Canadian Association of Orthodontists (CAO), Smiles4Canada is changing the world one smile at a time.

HOW TO APPLY

Children from low income families can apply to Smiles4Canada before their 14th birthday and, if they qualify, participating orthodontists will provide all diagnosis and treatment free of charge.

Candidates must submit an application package available on the website www.Smiles4Canada.com. The package includes a personal statement, references, information about the family's financial situation, a dental evaluation and a set of digital photographs of the applicant. The combined family income after tax must be below the Federal Low Income Cut-Offs.

The applicant pays a \$500 administration fee, however the orthodontist receives no financial compensation for providing treatment. The fee helps cover the cost of administering the program, maintaining the website, and promoting the program to orthodontists and the general public.

Applications are evaluated by a regional committee. Candidates who meet the program criteria meet with a local orthodontist to discuss treatment options.

Applicants should appreciate that successful orthodontic treatment requires a significant amount of patient cooperation and self-discipline.
