# New constable worked in Northern Ontario

By Vicki Gough, Special to Postmedia Network  
Thursday, May 12, 2016 3:45:10 EDT PM

The newest member of the Chatham-Kent Police Service has come full circle to realize a personal goal.

Andria Dyer, 36, of Wallaceburg, was hired as a third-class constable at CKPS after a lengthy recruiting process.

Dyer's hiring was announced by Chief Gary Conn during this week's monthly police services board meeting.

Conn said Dyer comes to Chatham-Kent from near Marathon where she launched her policing career two years ago with the Anishinabek Police Service.

"I was stationed in Pic River and Pic Mobert Detachment," Dyer said.

Prior to policing, Dyer was a graduate of a St. Clair College medical laboratory program and worked at Gamma Dynacare Medical Laboratories.

Conn said the newest recruit was the recipient of a leadership award in 2013 upon the completion of a St. Clair College Fast Track program in police foundations.

"Andria was a participant in the Chatham-Kent police Citizens Police Academy, and she sang the national anthem during graduation ceremonies at the Ontario Police College," Conn said.

Dyer reports to work at CKPS on Monday.

In other staffing news, Conn said the Ministry of Community Safety and Correctional Services has approved re-appointments of three special constables, namely Scott Beecroft, Kandis Fischer and Brenda Koldyk.

Det. Const. Lori Timpson has tendered her resignation effective June 12 to take a position with the Saanich Police Service in Victoria, B.C.

Conn said Timpson has been with the CKPS for 14 years and will be "sadly missed."

## 2018 Application Instructions

*Smiles4Canada is a program of the Canadian Foundation for the Advancement of Orthodontics (CFAO) in conjunction with the Canadian Association of Orthodontists (CAO)*

Thank you for your interest in Smiles4Canada. This program is designed to facilitate the orthodontic treatment of deserving, low-income young Canadians. Please be advised of the following:

1. Completion of this application package does not guarantee acceptance for treatment through the program. The application will be evaluated by a Regional Committee, and you will be informed whether the applicant has been accepted into the program.
2. To qualify for the program, the combined family income after tax in the two most recent taxation years must be below the Federal Low Income Cut-Offs. For more information on the Federal Low Income Cut-offs, please see the Smiles4Canada website (<http://smiles4canada.yoursmileourspecialty.ca/how-to-apply/application-criteria>) or <http://www.statcan.gc.ca/pub/75f0002m/2014003/tbl/tbl01-eng.htm>.
3. Patients accepted for treatment will be required to pay a one-time \$500 + HST administration fee to Smiles4Canada before treatment is started. The orthodontist does not receive any compensation for providing the treatment. In most cases, the \$500 + HST administration fee will be the only fee to be paid for the orthodontic treatment.
4. 2018 applications are open to candidates born in the year 2004 or later (2000 or later in Manitoba only).
5. The application can be printed and legibly handwritten, or completed electronically and then printed.
6. The complete package must be received before the application will be considered.
7. The information you provide will be kept strictly confidential and used solely for the purpose of evaluating the application. If your application is successful, we will provide the information from Parts A, C, D, F and G to the orthodontist who will be supplying your child's treatment. By submitting this application, you consent to these uses of the information.

## ONTARIO REGION NON-INSURED HEALTH BENEFITS PROGRAM

UPDATE TO NIHB MEDICAL TRANSPORTATION POLICY FRAMEWORK - JANUARY 2018

### Important Update to the Non-Insured Health Benefits (NIHB) Medical Transportation Benefit

The NIHB Program is pleased to announce the following enhancements to the national Medical Transportation Policy Framework (MTPF). These changes become effective immediately. More information regarding the NIHB medical transportation program can be found at: <https://www.canada.ca/en/health-canada/services/first-nations-inuit-health/non-insured-health-benefits/benefits-information/medical-transportation-benefits-information-first-nations-inuit-health.html>

#### Enhancements:

- Section 6.2 of the MTPF has been revised (*Italics*) to read: When a client does not attend a scheduled appointment and medical transportation benefits have been provided, the client may have to assume the cost of the return trip or of the next trip to access medically necessary health services unless justification is provided to explain why the client was unable to attend or to notify the appropriate public carrier of the cancellation. *Justification may include, but is not limited to, unforeseen circumstances such as health service delivery delays, severe weather conditions, family or personal emergencies.*
- Two escorts can be approved to assist pregnant minors for the duration of the period leading up to birthing.
- Medical transportation benefits for clients to access supervised opioid addiction treatment (e.g. methadone or suboxone) may be provided for up to 6 months in order to allow stabilization for carries or for alternate arrangements to be made. Extensions with justification may be considered.
- Unregistered children can be automatically covered under their registered parent's Indian Registration Number up to the age of 18 months old. This is an extension from the previous allowable period of 12 months.
