January cold and desolate;  
February dripping wet;  
March wind ranges;  
April changes;  
Birds sing in tune  
To flowers of May,  
And sunny June  
Brings longest day;  
In scorched July  
The storm-clouds fly,  
Lightning-torn;  
August bears corn,  
September fruit;  
In rough October  
Earth must disrobe her;  
Stars fall and shoot  
In keen November;  
And night is long  
And cold is strong  
In bleak December.

### School Messenger Quick Reference Guide

#### How to sign up and create a SchoolMessenger account.

1. Open an internet browser and search for [go.schoolmessenger.ca](http://go.schoolmessenger.ca) or download the BLUE SchoolMessenger app  
Click to [Download the app for Apple devices.](#) Click to [Download the app for Android devices.](#)
2. Click Sign up in the upper right corner
3. Use the email address on file at the school and create a password. **Important note: You must use the same email address your school has on record.** If you wish to use a different one, please contact your school and ask them to update your email address.
4. Click Sign up. Choose your password. Select **Location as Canada.** Tap Sign Up. You will receive a verification email. From this email, click the link to verify. This will open in a browser where you will be prompted to enter your login details. Log in and confirm your details.

#### Phone Access and Setting a PIN

If using the LKDSB toll-free Attendance Reporting number 1 (844) 487-3695, Parents/guardians should require that a Personal Identification Number (PIN) be entered before absences can be reported or explained for their student using the SafeArrival phone system.

#### What if I'm not calling from my home phone number?

You will be asked to enter a phone number that is registered for your student.

#### Can anyone who knows my phone number report an absence using the phone system? Including my child?

Yes, anyone who uses a phone that is listed in the school's system for your student or anyone who can enter a phone number that is listed in the school's system for your student can report an absence for your student.

It is strongly recommended that you set a PIN that must be entered before an absence can be reported or explained for a student. We recommend that you provide your email address so that whenever an absence is reported or updated, you will receive an email confirmation notice.

#### Setting a PIN

PIN settings can be set by Parents/ Guardians from the Attendance page of the SchoolMessenger app or by logging into the School Messenger Website.

On the Manage your PIN Settings screen, choose the district in which the student is enrolled (if the Parent Guardian has students enrolled in more than 1 district). The Parent / Guardian will see a list of his/her students and will be able to **tap the checkbox to request that a PIN be required** for when reporting and explaining absences for this student by phone. A 4-digit PIN can then be entered. Changes made on this screen will be saved automatically. Tap the **eye icon** to see the PIN as you enter it. Tap the **edit icon** to modify the PIN.

# Notification Preferences

This page allows you to view and edit how you're contacted by your district when they send broadcast messages. The preferences on this page affect SchoolMessenger Broadcasts that may be sent to you from the school/district. They do not affect messages sent and received through teacher messaging within the SchoolMessenger app.

To configure your **Contact** and **Message Preferences**:

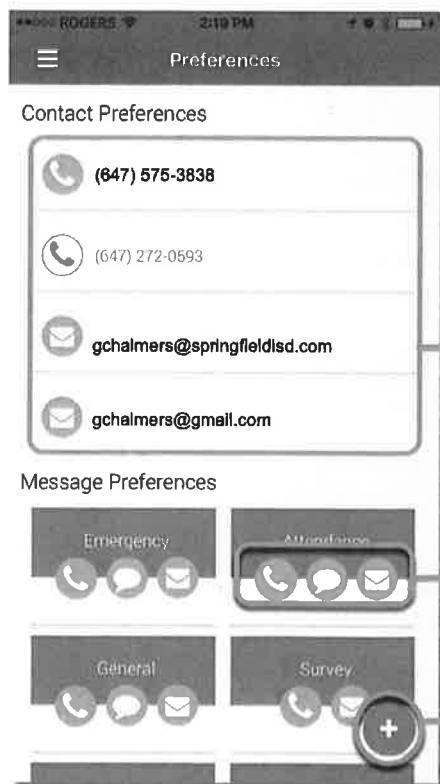

1. Tap on the  button on the upper left corner of your screen.
2. Tap on the **Preferences** option.

**Note:** Your district will control over whether you'll be able to add contact information. While the ability to add contact information may be limited by your school district, you can change your consent selections and preferences at any time.

**Note:** The maximum number of phone numbers and email numbers you can enter into the system is controlled by your district admin.

Your Preferences screen shows your contact information and the types of messages which the school/district has set up in their SchoolMessenger setup. Hence, more or fewer message types may appear here with unique names, defined as such by the school/district.

Your Contact Preferences shows all the email addresses and telephone numbers (voice and SMS text) at which you can be contacted. Phone numbers that are grey are pending consent approvals.

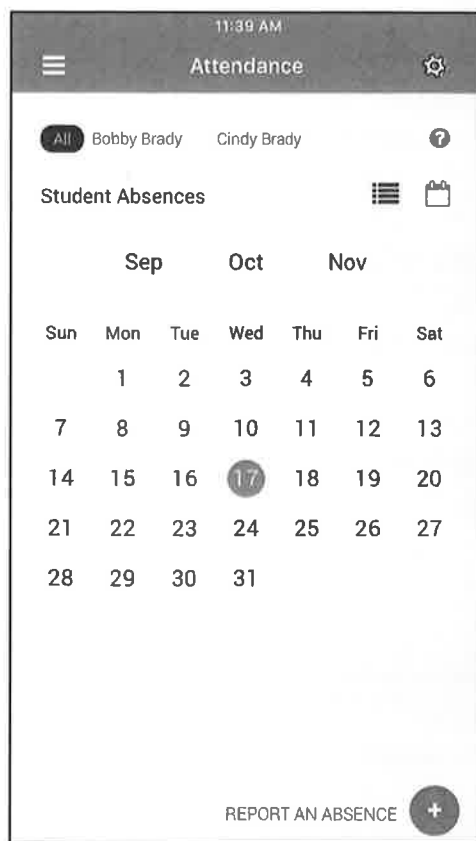

Select how you want to be contacted for each message type by clicking the icon. If green, the notification message type is enabled. If grey, you will not receive the notification in this message type.

Click the Add button to either add a new phone number or email address.

## App Views

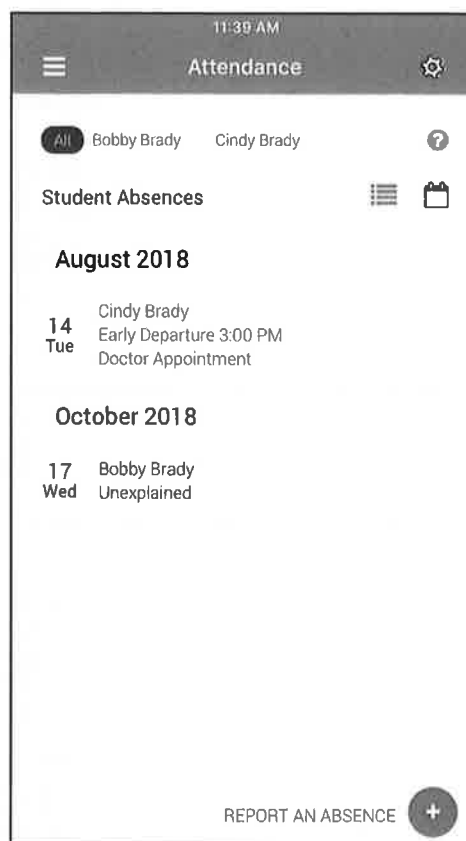

### Calendar View

Tap the calendar icon to see your child's absences in a calendar. The absence dates will be circled in red.

### List View

To scroll through the list of absences, tap the list icon and drag your finger up or down the screen to move the list.

## Absences

Absences can be reported in advance for the school year. On the day of the absence however, absences cannot be reported after the school's cut-off time. The cut-off time is determined by the school and may vary. If SafeArrival tells you it is past the cut-off time for reporting absences for the current day, you will need to contact the school directly.

### Report an Absence

1. Tap the **REPORT AN ABSENCE** button.

2. Select a student by tapping their name.
3. Select an absence type.
4. Be sure to enter your selections for all of the requested items. If the **SEND** button is not activated, it means you've missed something.
5. Tap **SEND** to report the absence.

## Editing an Absence

If you have reported an absence in advance and decide that you need to edit the absence **BEFORE** the cut-off time on the day of the absence, follow these steps:

1. Tap the **absence** (in List View) or the day of the absence (in Calendar View), then **EDIT**.
2. Make the required changes then tap **SEND**.

## Deleting an Absence

If you have reported an absence in advance and decide that you need to delete the absence **BEFORE** the cut-off time on the day of the absence, follow these steps:

1. Tap the **absence** (in List View) or the day of the absence (in Calendar View), then **DELETE**.
2. Tap **Delete** to confirm that you want to delete the absence.

If you need to delete an absence after the cut-off time on the day of the absence, contact the school directly.

## Explaining an Absence

If your student is marked absent and you have not reported the absence in advance, you will be notified of the absence. You can use the mobile app to explain your student's absence.

## Manage PIN Settings

Parents/guardians may assign their own 4-digit Personal Identification Number (PIN) to an individual student through their SchoolMessenger app. If guardian assigns a student a PIN, this number will need to be entered before an absence can be reported or explained for this particular student when using the SafeArrival phone system (using a mobile device or a landline). This provides an additional layer of security and also prevents students from reporting their own absences.

### When more than 2 or more parents/guardians are connected to a student...

Once a PIN is set for a child, a PIN must always be used to report or explain that child's absences. Multiple guardians connected to the same students can share and use the same PIN, or they can set their own individual PINs for the same student. All PINs assigned will work when reporting or explaining an absence for that child.

**Note:** PINs are not associated with the phone number the parent calls from to report the absence or the mobile device the parent is using the app on. PINs are managed within the app and all guardians associated with the student who know/share a PIN or set their own PIN for that child will be able to report or explain an absence for that student from any device or landline they choose.

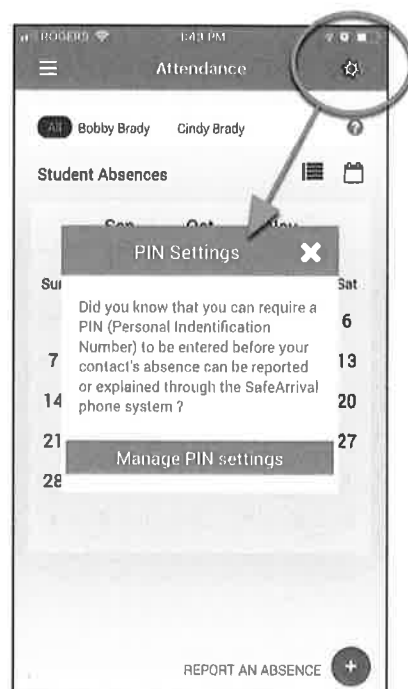

For parents/guardians who do not use the SchoolMessenger app, staff with access to the SchoolMessenger Communicate Contacts page can manage the PIN settings.

### Set a PIN for a Student

Using the mobile app, tap the **gear icon** in the upper right-hand corner of the Attendance page. You will be shown a brief description of PIN settings. Tap the **Manage your PIN settings** link to continue.

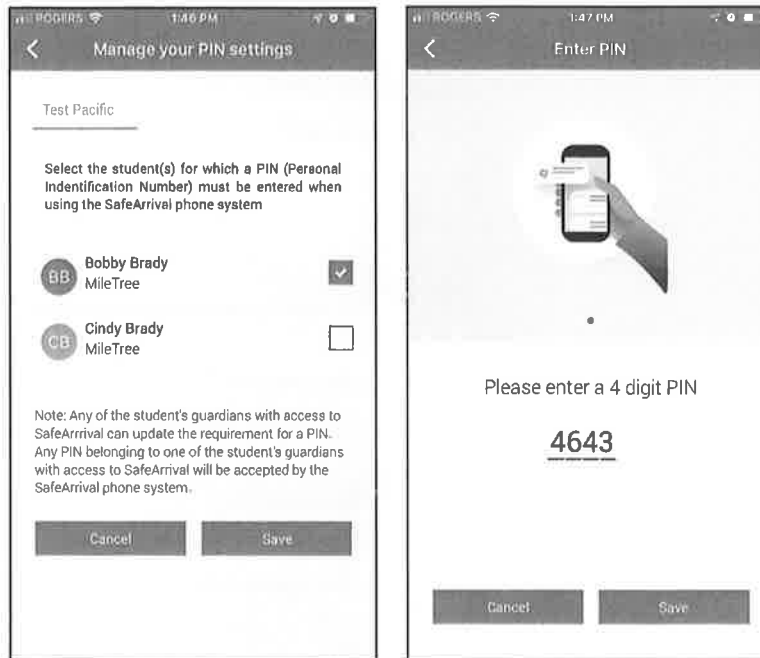

On the Manage your PIN Settings screen, you can choose the district in which the student is enrolled (if the parent has students enrolled in more than 1 district). The parent will see a list of his/her students and will be able to tap the checkbox to request that a PIN be required for when reporting and explaining absences for this student by phone. A 4-digit PIN can then be entered. Changes made on this screen will be saved automatically.

1. Tap the **eye icon** to see the PIN.

2. Tap the **edit icon** to modify the PIN.

This screen will be slightly different for Districts who do not use the Guardian Data Model. In that case, a separate PIN is required for each STUDENT.

# Push Notifications

If you would like to receive notifications of specific message types directly to the SchoolMessenger app on your mobile device:

1. Tap the **Settings** menu option.
2. Tap **Push Notifications**.
3. Tap the name of your child's school district.
4. Select which types of messages that you want to receive as push notifications.
