Wan ha nii , Katharine ndushiinzi. Nii noonjiiyayi Eelünaapéewi Lahkéewiit. Nii ha ndulunaapeewi. Kway uch nzhihshuwanakwi...

This is me, Katharine is my name. I come from Eelunaapeewi Lahkéewiit. I am Lunaapeew/Delaware. Now I will speak English...

I hope you all enjoyed your summer, hitting the beaches and getting outside taking in all the Pow-wows and participating in sporting events missed over the last few years.

Just letting you all know... I've recently been contracted on a short-term three month employment contract with our Nation Eelünaapéewi Lahkéewiit, helping out in Economic Development-Administration.

Currently, I've been familiarizing myself with the various opportunities available to our community through GrantWatch, Tecumseh Community Development Corp., (TCDC), Southern First Nations Secretariat, Indigenous Services Canada (ISC) in addition to others and sharing these with other departments. Researching, preparing and submitting proposals and annual funding final reports to funding agencies and organizations.

I would be pleased to hear from you on ideas of how this office can best assist you and/or privately owned Indigenous businesses. Would a craft bazaar interest you, or a Indigenous Culture Market event? Assistance with proposal writing, marketing training?

I can be contacted via phone, Administration office at 519-692-3936 or via email at ...

The background of the poster is a dark, atmospheric illustration of a forest at night. Silhouettes of gnarled trees frame a central scene where a campfire is burning brightly. A large, pale full moon hangs in the sky, with several bats flying around it. The overall color palette is dominated by dark greens, blacks, and oranges, with the fire and moon providing the primary light sources.

**SNOW REMOVAL POLICY**

## **Eelūnaapéewi Lahkéewiit (Delaware Nation) Council**

### **SNOW REMOVAL POLICY**

During snow and ice conditions, many people call requesting for snow removal. The following is the Eelūnaapéewi Lahkéewiit Council's policy on snow removal.

#### **1. INTRODUCTION**

In the best interest of the Members, the Eelūnaapéewi Lahkéewiit Council assumes the basic responsibility for control of snow and ice on its roads. Reasonable ice and snow control is necessary for routine travel and emergency services. The Eelūnaapéewi Lahkéewiit Council and its Administration, through its Public Works Department, will provide such control in a safe and cost effective manner, keeping in mind safety, budget, personnel and environmental concerns. The Eelūnaapéewi Lahkéewiit Administration will use Public Works departmental employee(s) and/or equipment to provide this service.

#### **2. WHEN WILL THE PUBLIC WORKS DEPARTMENT START THE SNOW REMOVAL OPERATIONS?**

As snow and icy conditions vary by the day of the week and the hour of the day, the Public Works Manager will identify the appropriate resources and equipment to deal with the winter weather situations.

Depending on how wide spread and intense the storms are, the Public Works Manager may need to continually adjust to achieve the most benefit of its available resources and equipment.

The Public Works Manager will decide when to begin snow removal operations. The criteria for that decision are:

- A. Snow accumulation of 2 inches or more;
- B. Drifting of snow that causes problems for travel; and
- C. Icy conditions which seriously affect travel.

Snow and ice control operations are expensive and involve the use of limited personnel and equipment. Consequently snowplowing operations will not generally be conducted for snowfall of less than 2 inches.

#### **3. PRIORITIES SCHEDULE FOR SNOW REMOVAL**

The Eelūnaapéewi Lahkéewiit Council and its Administration will make every effort to ensure that all roads within the Eelūnaapéewi Lahkéewiit territory remain passable for emergency vehicles throughout the snow removal period. This is always the first priority.

The second priority is the Eelūnaapéewi Lahkéewiit parking lots providing access to its buildings for its programming and services.

The third priority is the driveways for citizens aged 55 years and older.

The fourth priority area is the parking lots for other buildings; and its rental units.

The fifth priority area is community household laneways.

**Please note:** It is virtually impossible to clear parking spaces in parking lots while cars are parked there.

#### 4. WEATHER CONDITIONS

Snow removal operations will be conducted only when weather conditions do not endanger the safety of employee(s) or equipment, and operations are effective. Factors that may delay snow and ice control operations include: severe cold, significant winds, limited visibility and rapid accumulations of snow and/or ice.

#### 5. USE OF SAND, SALT AND OTHER CHEMICALS

The Eelūnaapéewi Lahkéewiit Public Works department will use sand, salt, and other chemicals when there are hazardous ice or slippery conditions. However, the Eelūnaapéewi Lahkéewiit Council is concerned about the effect of such chemicals on the environment and will limit its use for that reason. Even after reasonable care, snow and ice may still build up.

#### 6. EMERGENCY SITUATIONS

For emergency vehicles responding to emergency situations (fire, medical, police) within the Eelūnaapéewi Lahkéewiit territory, or Fire Department/Police Department jurisdiction, necessary employee(s) and equipment will be dispatched as soon as possible.

**During an especially concentrated storm, it may be necessary to continually return to plowing the roadways and that the areas lower on the priority list may have to wait until the storm subsides.**

#### 7. DAMAGE TO PERSONAL PROPERTY

Damage to trees, shrubbery, other landscaping and mail boxes will not be considered for compensation.

Damage to personal vehicles will be considered only if they are legally parked and only if physically contacted by equipment.

#### 8. PRIVATELY OWNED BUSINESS ENTERPRISES

There shall be no plowing of driveways and/or parking lots of privately owned businesses.

#### 9. WHAT YOU SHOULD NOT DO

- Do not clear your driveway until after your road has been plowed. This will reduce the amount of snow that the plow leaves as it passes your driveway.
- Do not shovel or put snow from driveways into the roadway as this creates a hazard for other drivers.
- Do not place garbage bags, trash, etc. on roadways or along the edge of the roadway.

**The Eelūnaapéewi Lahkéewiit Council is committed to providing the best service possible. As mentioned, a lot of problems are uncontrollable: the duration of the storm, the amount of snow, equipment failures and fatigue all hinders the process.**

The Eelūnaapéewi Lahkéewiit Council and its Administration Anushiik for your patience and cooperation.

Eelūnaapéewi Lahkéewiit
