*"It's a shocking fact that 1 in 4 Canadian children start their day hungry, meaning more than a million kids don't have access to a healthy meal before they go to school. This would be unacceptable anywhere, but in a prosperous country like Canada, this is unimaginable. The time for action is now."*

*Breakfast programs in our schools have a tremendous impact on a child's life, on school communities and on families. By providing access to a nutritious meal to our children as they start their day, they learn more easily, and have the chance to develop their full potential."*
